

## C&N CELEBRATES AMPERSAND DAY

On September 8<sup>th</sup>, C&N celebrated National Ampersand Day to honor that fun, little character that joins things together and represents so much to C&N's culture.

The 2020 C&N Amper Art winner: Jessica Walton's Ampersand Cake

Internally, our employees took part in an "Amper Contest" where employees entered their interpretations of ampersands. From cakes to painted rocks to posters, C&N's creativity shined through.

Within our community, we wanted Ampersand Day to mean something more, so each of our employees received a card that encouraged them to do a random act of kindness for someone. Each card could then be given to the next person in the hopes that it would inspire them to pay it forward and post on social media using the hashtag #CNAmpersandDay. We really enjoyed this new holiday and are already looking forward to September 8, 2021!

We would like to congratulate John Gannon from JPG Construction for winning the Kindle raffle and thank all of those who stopped by to help us mark this special occasion!

### NEWS

#### OCTOBER 2020

Welcome to the October C&N edition of our monthly newsletter. Although you're now officially part of the C&N family, we'll continue to stay connected by sharing stories about what's happening around the bank and the things you have to look forward to in the months ahead.

# OCTOBER IS CYBERSECURITY MONTH

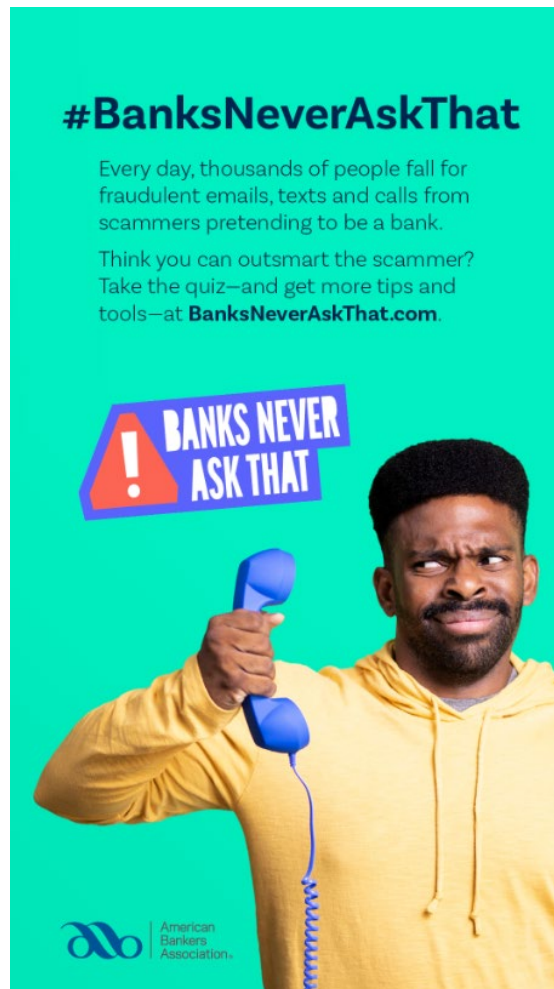

Every October, C&N takes part in Cybersecurity Month to help educate customers on how to stay safe online. With the internet becoming increasingly important to our everyday lives, staying up to date on scams and protection methods is crucial to keeping your information safe.

This year, C&N has teamed up with the American Banker's Association to launch the #BanksNeverAskThat campaign, because education is the most important step to prevent phishing attacks.

Every day, thousands of people fall victim to fraudulent emails, texts and calls from scammers pretending to be their bank. ABA's #BanksNeverAskThat campaign will help raise awareness about phishing scams that will help you understand what phishing is, how to easily spot phishing scams and what best practices you can use to protect your information.

Throughout the month of October, you can find important tips and tools on C&N's Facebook, Twitter, LinkedIn and Instagram channels to help keep yourself ahead of the scammers.

There's also a chance for you to win big all month long! Take the 5-minute quiz mentioned on the social media pages and post your score on Twitter for a chance to win weekly prizes, courtesy of the American Bankers Association. Each Friday, the ABA will draw 15 winners. One lucky grand-prize winner will receive \$1,000 – will it be you?
